

PROTECTION

No one wants to worry about mechanical breakdowns due to manufacturer defects when they purchase a vehicle. Extended Warranty Coverage plans are available in several coverage lengths to match your future driving needs. Extended Warranty Coverage is a great value.

EXTENDED WARRANTY COVERAGE

Combined with the standard drivetrain warranty, Extended Warranty Coverage can extend your Isuzu Truck's protection up to 60 months/250,000 miles (depending on engine/model).

VEHICLE ELIGIBILITY

Extended Warranty Coverage may be purchased from your Isuzu commercial truck dealer at time of sale or within the first 12 months of ownership.

ROADSIDE ASSISTANCE

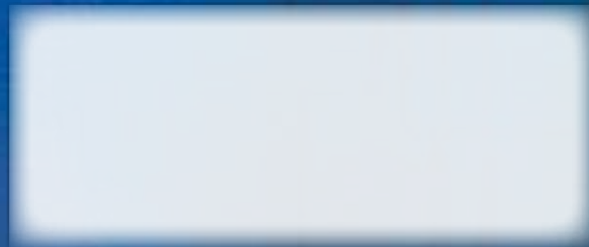

Isuzu trucks are built to be the highest quality, most reliable trucks in the industry. That's why we're willing to back them with one of the strongest roadside assistance programs ever offered for medium-duty trucks.

With our program, if your Isuzu truck experiences a mechanical breakdown anywhere in the United States, just call our 24-hour, toll-free 800 number anytime day or night, 365 days a year. A service vehicle will be dispatched to provide minor roadside repairs or take your truck to the nearest dealer for service.

TOWING COVERAGE

Provides 24-hour emergency road service and towing to the nearest dealer. No additional cost for covered repairs.

DEALERSHIP

This is only a summary of the Isuzu Truck Cab/Chassis Limited Warranty. Complete and current information may be found in the Glove Box Warranty Manual for the current model year.

Isuzu Extended Warranty Coverage is issued by Isuzu Commercial Truck of America, Inc. Prices and plans are subject to change without notice. Plan coverages may vary by state. For information about the benefits and coverages in your state, see your local participating dealer.

ISUZU

N-Series Gas & Diesel Extended Warranty

FIX YOUR COST PER MILE

Vehicle maintenance and repairs can represent a large portion of a vehicle's operating cost per mile. Finding ways to limit the cost of future repairs, as well as ensuring that repairs are done properly, is important to your business.

For that reason we are proud to offer Isuzu Extended Warranty Coverage. As an owner of an Isuzu N-Series truck, just choose a plan that best suits your needs. Choosing your Extended Warranty Coverage plan is as easy as selecting any other option or accessory on your new Isuzu truck. Best of all it means you can select an option, combined with your standard drivetrain warranty, for a term of up to 60 months or 250,000 miles (depending on engine/model).

NEVER AN INTERRUPTION OF COVERAGE

Whichever optional Extended Warranty Coverage term you choose, protection automatically continues upon expiration of the standard New Truck Limited Warranty.

COVERAGE OF MAJOR POWERTRAIN COMPONENTS

We designed Extended Warranty Coverage to provide extended coverage on components vital to the operation of your truck and costly to repair should a failure occur. Extended Warranty Coverage will cover parts and labor for manufacturer defects to the truck during the service coverage period on the following component groups.

ENGINE COVERAGE

Cylinder block, head, oil pan, oil cooler, thermostat housing, flywheel, intake manifolds, and the following internal parts: oil pump, pistons with rings, liners, crankshaft and bearings, connecting rods and bearings, head bolts, cylinder head gasket, intake and exhaust valves, rocker arm assembly, camshaft and bearings.

TRANSMISSION COVERAGE

Transmission cases and all internal parts.

DRIVE AXLE COVERAGE

Differential, axle shafts, seals and bearings.

N-SERIES DIESEL STANDARD WARRANTY NPR / NPR-HD / NQR / NRR
